C¹           Fsus2
Wherever you go
C5           Bb7sus2  Bb7

C⁵                   Gmaj7sus4
I'll keep on healing all the scars
                            Fsus2
That we've collected from the start
                     C¹
I'd rather this than live without you
C⁵                   Gmaj7sus4
For every wish upon a star
                        Fsus2
That goes unanswered in the dark
                         C¹

I wouldn't be the same
```

Estrofa
```
I'll shine when you shine
Faded pictures on my mind
Sun sets on this ocean
Never once on my devotion
```

Bridge 1
```
However you are
Or far that you fall
```

Estribillo
```
I'll keep on healing all the scars
That we've collected from the start
I'd rather this than live without you
For every wish upon a star
That goes unanswered in the dark
There is a dream I've dreamt about you
```

Bridge 2
```
And from afar I lie awake
Close my eyes to find
I'd never be the same
```

```
Without you
Without you
